Check here if you or interested in, or plan to take, the program listed below:

Summer School: (List Class[es])

\_\_\_\_\_

\_\_\_\_\_

Students need the above courses to graduate from Wahoo High School (WHS) as part of their four-year high school plan. Each class that is passed with a "D" or above is worth 5 credits each semester. Generally, students will earn 35-40 credits each semester, or a total of 70-80 credits at the end of each year.

The back of this sheet has Required & Elective classes listed. Choose from Required Core Classes first Write them in below beside the core classes listed in boldface print. For example, next to **English** write in *English 9*. Next, select from Required Classes Needed For Graduation list. Finally, choose from Elective Classes based on your interests or post high school training needs. Be sure to write in 2-3 alternative choices for Electives, so if classes full up quickly, we can put you in a class you prefer as a 2<sup>nd</sup> or 3<sup>rd</sup> choice.

**Note:** Students will receive their fall schedule to review before the end of school, so that changes may be made before next fall. Hence, only students who have taken summer school, or are new students, will have to schedule a time before the school year begins to change their schedule. Schedule Changes are done the first two (2) days of the semester. Students will need a drop/add form signed by the teacher and parent/guardian before a class will be changed.

**1st Semester (Fall)**

- English** 1. \_\_\_\_\_
- Math** 2. \_\_\_\_\_
- Science** 3. \_\_\_\_\_
- SS/Hist** 4. \_\_\_\_\_
- Required** 5. \_\_\_\_\_
- Required** 6. \_\_\_\_\_
- Required** 7. \_\_\_\_\_
