Student Plans After High School _____

Students currently enrolled at Wahoo High Schoo must register a schedule by March 15th in order to be able to file a schedule for next year's classes (2011-2012). To file a schedule, this registration form must be returned by the deadline. This allows the Administration to create sufficient classes in the schedule for students to enroll in for the following year and create a student schedule. The schedule is printed and given to the student and parent/guardian to review, sign off and return by June 1st – returning the signed schedule is "filing" the schedule for the following school-year.
