

January 28, 2009

The Wahoo Athletic Booster Club meeting was held at 7:30 pm in Chad Fox's classroom at the high school. Judy Stukenholtz presided over the meeting in President Jason Libal's absence.

10 members were in attendance with one new member joining at this meeting.

Kathy Myers gave the Treasurer's report. The following purchases have been received and paid for:

Dumb bells and weight equipment--	\$593.00
Taping table--	\$775.00
Rental of Armory for Wrestling--	\$500.00
Balance in account.....	\$4061.00
CD.....	Approx. \$7000.00

Old Business:

Fall banquet was a success serving 220 people. Pizza Hut catered the meal at the cost of \$1240.00.

New Business:

1. A request for the purchase of a video camera for the wrestling department at the cost of \$500. Action passed
2. Sponsorship of a hospitality room for coaches/refs/workers for the C2-5 sub-district games at the cost of approx. \$250. Action passed.
3. Winter sports banquet is scheduled for Tuesday March 17-6:00 at the elementary school. Agreed to have the Wahoo locker cater the meal.
4. Spring track meets- passed around sign-up sheets for workers at the Wahoo Invite-April 18 and Middle School meet-May 15. Will pass it around at the March meeting, too. Joan Lindgren wondered if a calling tree would work to solicit people to work who do not come to the meetings.

Principal Chris Arent wanted to let everyone know that prom is on April 18th also and that this date was the best date with the fewest conflicts in April. He also mentioned the possibility of us hosting the ECNC Conference track meet for Cedar Bluffs and a Cedar Bluffs Invitational track meet. Not sure of the dates or if it has been confirmed. More information will be available at the March meeting.

Joan also wondered about a program for student athletes concerning use of alcohol and drugs. Chris Arent explained that it is a program that originated out of the USOC at Lake Placid for elite athletes to let athletes know about what alcohol and drugs do to their bodies and it affects their training. There is a DVD available that we could show at the next booster meeting.

The meeting was adjourned at 8:10 p.m.
