

Course Syllabus: 6th Grade Math Course 1

Teacher : Jayson Iversen

Contact Information:

School Phone: 443-3101 ext 2102

Email: jiverson@esu2.org

Course Description:

Students will be studying number patterns, intro to algebra, decimals, number theory and fractions, collecting and displaying data, proportions, geometry, integers, and probability.

Materials Needed:

Textbook: Holt Math Course 1

Other Materials: Notebook for notes, class work and organization, pen and pencil

Academic/Behavioral criteria:

This class period is 45 minutes long. Students are expected to participate in class activities and classroom discussion. Students will be required to work within the Middle Schools academic and behavioral expectations (see below). All class assignments are due at the beginning of class the following day unless otherwise instructed. Late assignments will result in a score no higher than 78%.

Grading:

The following weighted criteria will be used for final grade purposes.

- Class work: 35%
- Test: 40%
- Quiz: 25%
- Corrections may be made on failing assignments, the final grade will be no higher than 78%.

Wahoo Middle School Expectations

- Be on time and prepared for learning
- Complete assigned task on time
- Strive for academic success
- Use work time productively
- Respect people and property
- Respond appropriately to staff directives
