Colton Spangler - LB

Coach Fox's thoughts:

"Going into the 2013 football season there were definitely some mixed feelings. There was some excitement with the returning starters that we had coming back in the offensive line from the previous seasons and there was some uncertainty with the skilled players, as we had some big shoes to fill with the graduation of last year's class. With how the season unfolded the team had to overcome its fair share of adversity. Considering the injuries and adversity the team had to deal with, finishing 7-3 was a good season."
